

RESPONDING TO THE HAITI EARTHQUAKE

DISASTER RELIEF UPDATE

God is at work in Haiti

VOL 6

Southern Baptists and Haitian Baptists are reaching out to a country in disarray.

Haitian Baptists have distributed **24 tons of rice** and another **40 tons** have been shipped to the country by Florida Baptists.

SBDR medical teams have treated over **8,000 patients** and dispensed more than **15,000 medicines**.

100 Haitian Baptist pastors have been assisted and **21 Haitian Baptist churches** have been structurally assessed.

Haitian Baptist churches are serving as emergency shelters, medical clinics, feeding centers and places of refuge.

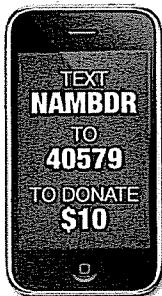

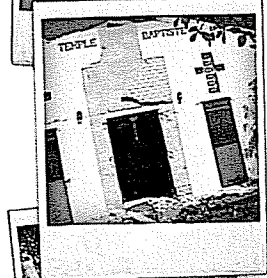

154 lost people have come to faith in Christ as a direct result of SBDR ministry. One Haitian congregation reported **44 professions of faith** following three days of fasting by the church members.

Pray for Haitian Baptists, pray for teams traveling and ministering, pray for open doors of ministry, pray for the people of Haiti who have never met the Savior, pray for a bold, clear witness to the salvation that only comes through Jesus Christ.
